Class discussions will include review of documents drafted by students.

Foundations of Law (2 credits 6460)

This course will explore the foundations on which our Nations laws and culture were constructed. It will also encourage each student to examine their own foundations as they prepare to take their places as the future lawyers of our society.

Hazardous Wastes (2 credits- 6412)

Congress balances its need for revenue with many and varied societal interests. The tensions between legitimate tax planning to minimize taxable income and mechanisms to combat abusive tax shelters are explored. Finally, the legal and ethical responsibilities of the taxpayer, tax preparer, and tax attorney are emphasized.

Insurance Law (2 credits 6106)

A consideration of the theory of insurance, the operation and regulation of insurance markets, and the drafting, interpretation and enforcement of insurance contracts.

Intellectual Property (3 credits 6103)

This class is designed to be a survey of legal issues associated with Intellectual Property Law. The course will address judicial, legislative, and scholarly developments in all areas of intellectual property law (trademark, copyright, and patent) as well as idea protection, trade secrets, right of publicity, and other areas. There will be some coverage on emerging First Amendment limitations on federal and state intellectual property rights and emerging trends in Lanham Act section 43(a) and newly revised provisions of federal antidilution law. Other topics may include the Internet and domain names, secondary liability, safe harbors, and anti-circumvention provisions, software protection, and business method patents.

**International Business Transactions
(3 credits 6140)**

This course examines the legal issues in the following international business transactions areas: international trade terms and financing international trade transactions; legal problems arising from tariffs, countervailing and anti-dumping duties, and other statutory provisions applicable to international trade; commercial treaties and international trade agreements; resolution of international trade disputes by arbitration and litigation and the enforcement of awards and judgments; international trade doctrines and agencies.

**International Commercial Arbitration
(3 credits course code 5999-LB)**

This course examines systematically, through treaties; model laws; comparative national legislation; the procedural rule schemes of arbitral institutions; and doctrine developed in court and arbitral cases and commentary, the following topics: (1) the establishment, composition, procedure, and award-rendering considerations of international commercial arbitration (ICA) tribunals; (2) the unique doctrinal problems faced by arbitral tribunals, including jurisdictional issues and multi-level choice-of-law questions in the absence of controlling forum law; (3) the reconciliation of civil-law and common-law legal-culture

Students are encouraged to take this course before specialized courses. Focus is on the structure and dynamics of the

tween such conceptions.

Legal History (3 credits 6360)

Legal History introduces students to historical perspectives on the law. The course focuses on the history of American constitutionalism. Major themes of the course include restraints on arbitrary power, tensions between popular sovereignty and centralized government, rationalizations for race slavery and gendered legal subjectivity, encouragement of economic progress and social mobility, and relations between private enterprise and public power.

Legal Research & Writing 1 (3 credits 5010)

This course introduces students to the primary sources of legal research, such as case law and statutes. It provides students with instruction and practice on how to access these sources through books, data bases, and the internet. The course also instructs students in the principles and conventions of basic writing and objective legal writing, and in the rules of legal citation. In a process-oriented approach, students develop research and writing skills by drafting office memoranda, receiving instructor feedback, and rewriting these memoranda.

Legal Research & Writing 2 (3 credits 5020)

Part two of this course introduces students to administrative rules, legislative history, and to the secondary sources of legal research, such as law review articles and legal encyclopedias. While continuing to develop research skills, the course concentrates on persuasive legal writing as students now write drafts of a motion memorandum and an appellate brief. Students also receive instruction and practice in presenting oral arguments. **Prerequisites:** Legal Research & Writing 1.

Legislation (2 credits 6109)

An analysis of the principles and methods of statutory enactment by state legislatures. The course includes discussion of the constitutional authority requisite to legislative action.

**Legislative Policy Advocacy Externship
(4 credits 6509 Class and Field)**

Under the guidance of experienced lawyer, students learn about the legislative process either from the staff of legislative body or with an organization that advocates policy before legislative and other law making bodies.

clients and hearings related to their work. Placement requirements: Students can be placed in State, Federal or Local entities but must meet the following criteria - have completed 30 semester hours of credit. Students are required to spend a minimum of 40 per week at their placement, depending on the semester. Attendance in a weekly seminar is also required.

Mediation (3 credits 6395)

This course seeks to introduce students to mediation as a concept and as a skill to use as a dispute resolution mechanism. Following some introductory sessions designed to explore the essential characteristics of mediation as assisted negotiation, students will be provided with intensive skills training as background for doing a series of simulations. The remaining class sessions will be devoted to exploring certain emerging conceptual and ethical issues as well as to the application of mediation in various specific settings (i.e. family, neighborhood, labor and environmental disputes).

Mediation Externship (2 credits

Motions and Depositions (3 credits 6030)

This skills oriented course will focus on the two areas of practice that all new civil litigation attorneys will find most challenging motions and depositions. In one-on-one scenarios students will prepare and argue the former, and prepare for, take, and defend the latter. To the greatest extent possible, actual litigation scenarios will be recreated.

Site Coordinator VITA (1 credit 6227)

A Volunteer Income Tax Assistance (VITA) Program Site Coordinator (VITA Coordinator) will receive one credit at the end of the semester if the faculty VITA Manager for whom s/he works certifies that s/he has successfully

Torts II (2 credits 5209)

Torts II builds on the foundational material covered first semester. It is important to remember that the elements of negligence and its various incantations continue to apply during our new explorations.
